**GENERAL
MANAGER
COMMENTS**

The General Manager presented a summary of time value investment options, covering a range of dollar amounts and instruments. The Board directed that the matter be brought back as an action item for consideration.

The General Manager reported that the City of San Gabriel forgot to include the District as a participant in the annual Lunar New Year festival, but that he was assured the District will be included in the future.

The General Manager presented a report summarizing the terms of a possible new telephone service provider contract, reporting that the audio quality was excellent and the system will quickly pay for itself given the cost savings over the present system. The Board directed that this contract be brought back as an action item for consideration.

The General Manager reported on the progress of engaging security firms for District facilities; that various firms were expected to inspect the sites and provide quotes for various options.

The General Manager reported on the progress status of Well No. 16; the pedestal had been poured for the motor, and a progress meeting was to take place the following week.

The General Manager reported that the motor of Well No. 14 had blown, but that a spare would be installed and an electrician would come out to inspect the electrical panel.

The General Manager reported that a leadership training program had approached him, but that, in his view, it was not a cost-effective program, costing \$6,000 per attendee. The Board directed the General Manager to make inquiries around the community for further information about the program's usefulness.

The General Manager reminded the Board that the American Groundwater Conference was three weeks away.

**FUTURE
AGENDA
ITEMS**

The Board requested that the next meeting include an action item for consideration of the selection of one of various time value investments.

The Board requested that the consideration of an award of contract to Freedom Voice Phone System be an action item at the next meeting.

**DIRECTOR
COMMENTS**

Director Cammarano stressed that she believed it is important to remind the District's ratepayers that the drought is not over, despite recent rains. She suggested this might be accomplished either through a newsletter item, or through a posting on the District's website.

Director Taylor shared measurements of recent rainfall: San Gabriel Dam has received 25.98 inches of rain; Morris Dam has received 18.53 inches,

below normal for the season; Dalton Dam has received 20.67 inches, also below normal for the season; and Director Taylor's own, local, unscientific measurement indicates that 21.25 inches have fallen.

ADJOURNMENT

Upon motion by Director DeLaTorre, and seconded by Director Chan, the Board voted unanimously to adjourn the meeting.

Candidate Statement for
Association of California Water Agencies
Joint Powers Insurance Authority (ACWA/JPIA) Executive Committee

Dear ACWA/JPIA Board Members:

I am pleased to share with you my interest in serving on the Executive Committee for ACWA/JPIA. I believe I am prepared and ready for the challenge to help lead the organization as we continue to grapple with providing the best and most cost-effective insurance and employee benefit services to our members.

My experience with the ACWA/JPIA began over 10 years ago when I was appointed by the Cucamonga Valley Water District (CVWD) to serve as their ACWA/JPIA representative. I have also served as the ex-officio member of the Executive Committee in 2015-2016. As part of the Executive Committee I was able to provide the leadership and feedback to staff to ensure they were continuing to uphold the mission of the ACWA/JPIA: *"to consistently and cost effectively provide the broadest possible affordable insurance coverage and related services to its member agencies"*.

I have served on the CVWD board of directors for approximately 12 years, and have served in the role as both president and vice-president of the board of directors. I am currently a member of the Legislative/Outreach and the Human Resources/Risk Management committees. The Human Resources/Risk Management Committee is responsible for overseeing employee benefits, risk management and safety programs for the organization. At CVWD, we have taken full advantage of all the programs the ACWA/JPIA has to offer to ensure our employees are working in the safest environment possible. Our board of directors has also adopted the *Commitment to Excellence* Program pledge putting into place best management practices which bolsters our effectiveness for loss prevention and safety.

I currently serve as the President for the Association of California Agencies (ACWA). In my role as president I have focused on increasing my understanding of our members needs so that I may know how to better serve and lead the ACWA organization. I will use this same approach if elected to serve on the ACWA/JPIA Executive Committee.

The election for ACWA/JPIA is scheduled for May 8, 2017 at the conference. Thank you for allowing me to share my experience, leadership and knowledge. I look forward to the opportunity to represent you and your agency. Please feel free to contact me directly at (909) 635-4177 should you have questions or if you would like to support my candidacy.

Thank you in advance for your consideration,

Kathy Tiegs
