RESOLUTION NO. 02-25-531

**A RESOLUTION OF THE BOARD OF DIRECTORS OF
SAN GABRIEL COUNTY WATER DISTRICT AMENDING
RESOLUTION NO. 02-15-483 AS IT RELATES TO
WATER RATES AND CHARGES**

**BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SAN
GABRIEL COUNTY WATER DISTRICT** as follows:

Section 1. Purpose and Scope

The Board of Directors (Board) of San Gabriel County Water District (District) in compliance with Proposition 218 and other applicable laws, conducted a duly noticed Public Hearing, on February 24, 2025. At the hearing, the Board considered the Engineering Report and Rate Study prepared by IB Consulting Inc. The Rate Study revealed the need for a rate adjustment in order to maintain Districts financial health. The Board reviewed the proposed rate increases in the District's water rate and charges and considered all, public testimony on the proposed and projected increases.

Section 2. Proposition 218 Compliance

Notices of this hearing along with the proposed rates were mailed to all customers of the District within the required statutory period. All protest votes were received prior to, and at the public hearing were counted and presented to the Board. The Board finds, and determines that the protest votes did not reach the required majority and no majority protest to those proposed water rates and changes existed. The Board also determines that the rates set forth herein will not create revenue in excess of actual costs of providing the services involved. This Resolution implements the District's Water Ordinance 83-31.

Section 3. CEQA Exemption

Board further determines that the rates herein set forth are for the purpose of meeting operational expense, including employee wage rates and fringe benefits, purchasing or leasing supplies, equipment or materials, meeting financial reserve needs and requirements and obtaining funds for capital projects, necessary to maintain service within existing service areas and, therefore exempt under Section 15273 of California Environmental Quality Act.
